

Welcome to the NCNA!

The North Carolina Numismatic Association (NCNA) traces its roots to 1959 and the formation of the North Carolina Coin Clubs Association. The founding members sought to create an organization that could promote the numismatic hobby in North Carolina by enabling an open exchange of knowledge among established local coin clubs, helping to form new clubs where needed and offering membership to individuals with an interest in numismatics but without access to a local club.

Today, more than 55 years later, the NCNA continues this mission by bringing together more than two dozen member clubs and hundreds of individual members.

Our membership is a mix of collectors and dealers, as well as those with an interest in art, history and/or finance without active collecting pursuits. Our members include those new to the hobby and those who have collected for decades; those collecting coins from circulation to those seeking true numismatic rarities; and those with a general interest in coins or currency to those pursuing highly specialized interests.

The NCNA is truly an organization for all! Come join us!
